

Almost Seniors...

What Does It Mean?

Senior year will be here sooner than you think! Are you ready for the responsibilities of being a senior?

- Do you have all the classes you need to graduate behind you?
- Have you reached proficiency or passed the CAPT?
- If college is your desired route, have you made the necessary plans?
- Have you researched colleges?
- Applications and fees?
- Entrance exams (ACT or SAT)?
- Financial aid considerations?
- Are you planning to go to work? Do you have a specific plan in place?

If your answer is "no" to any of these questions, now is a good time to plan how you will go about accomplishing these goals!

Other things to consider...

(use the blank arrows to add items that come up during discussion today)

- There will be senior fees next year to cover things like prom, graduation, etc.
How will you cover these fees?
- Do you have any debts at school, like overdue library books? These will have to be paid before you graduate or the school won't release your transcripts!
- Are you short credits? Go to summer school this year to make them up!
Night school is also an option for many students.
- As a senior, you will be the role models for younger students in the building. You can help younger students to be their best by being the best you can be!
